PressReader App

PressReader connects you to the world's best newspapers and magazines. This includes over 7,000 newspapers and magazines from 97 countries in 54 languages in full colour, full page format. Download the app or visit pressreader.com to start reading.
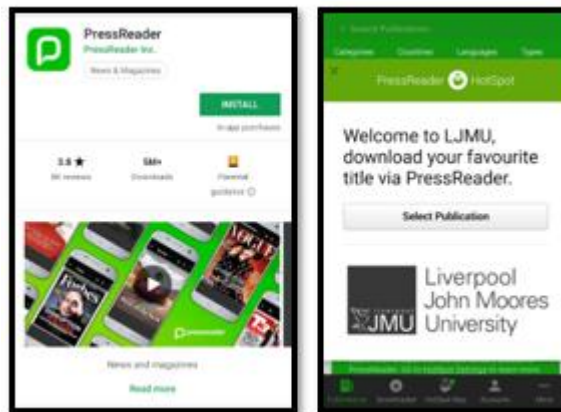

The app is available from Apple, GooglePlay or Amazon, which will Allow you to download Newspaper and Magazines to your device.

Using the App version

You need to be on campus and connected to Wi-Fi to download journals and magazines. Once download to your device you will be able read the content off campus.

Downloads will keep working for 7 days without being authenticated again. You simply need to connect to University Wi-Fi to re-authenticate your device. If PressReader is being used on site and connected to the Wi-Fi network, access is unlimited. We have access to 90 days of back Issues.

- Download the App from the App Store, Google play or Amazon Appstore
- A 'Welcome to LJMU' is displayed when lauched

- Select: **Select Publication**
- You can 'Search Publications' or select a title by Country, Language or Type
- Select **Open** to download- a sponsored by LJMU. message is displayed. You can also choose to automatically download any new issues

You are ready to read offline or on the move. You can download multiple titles. Remember you need to be connected to the LJMU Wi-Fi to download the newspapers and magazines.

Further Help

Further guidance is available using the **Help** button on the toolbar or from your Academic Engagement Librarian.
