## ECO-DC Website

The website was used to update the DCDE network on the latest findings of the project and events that the project team were involved in, including academic and practitioner conferences,

multiplier sport events, and academic publications. The website was accessible through [www.dualcareers.eu](http://www.dualcareers.eu) throughout the project. A legacy website is being developed which will be hosted on the Liverpool John Moores University website and will hold all of the results from the project for the foreseeable future.

The screenshot shows the website's navigation bar with links for HOME, LATEST NEWS, PROJECT OUTLINE, PROJECT FINDINGS, and CONTACT US. Below the navigation bar, there are three news articles, each with a title, a byline, a short description, and a 'READ MORE' button.
